LMR CABINS: PROPERTY MAP

Steeped in more than a century of Montana heritage, Lone Mountain Ranch stands as a living testament to the enduring spirit of the American West. Nestled in the heart of Big Sky Country, where the Gallatin Range meets the wilderness corridors leading to Yellowstone National Park, the ranch has welcomed travelers, wranglers, and wanderers since the early 1900s. Each cabin, crafted from hand-hewn logs and lovingly restored, tells its own story – a blend of pioneer grit, Western craftsmanship, and modern comfort. Here, beneath the wide Montana sky, life slows to the pace of the land. The scent of pine, the call of elk in the distance, and the flicker of a woodstove at dusk connect guests to something timeless – something uniquely Montana.
